

## ARCHER PARK RAIL MUSEUM

---

Archer Park Station was opened in 1899. Enjoy the nostalgia and satisfy the curiosity within as you browse the exhibits and rolling stock associated with the railways and tramways. These items from a bygone era have been collected from a variety of sources, including private collectors, former rail workers, rail groups, Queensland Rail, the Capricorn Heritage Rail Association (now the Friends of Archer Park Inc.).

This heritage listed station is operated by the Friends of Archer Park Station & Steam Tram Museum Inc. for the Rockhampton Regional Council. We are a Non-profit Volunteer group whose philosophy is to support and grow the Museum for the benefit of the community.

### **Please Note:**

Event hire must arrange cleaning or pre-pay a cleaning charge.

**Archer Park Rail Museum  
is not available on  
Public Holidays**
