A-0015	Tool Box, Steam Locomotive	Rectangular wooden box, metal-hinged lid with metal-hinged lock. Metal handles for carrying on either end. Wood box inside (smaller) attached for tools. Painted black	Wood, metal		APRM-0015	Good	Used on Steam locomotive; sits on front of locotive	Top shelf of counter
A-0016	Inspection mirror for steam locomotive	Small rectangular metal frame with metal handle welded to frame. Wire loop on handle. Metal rusty	Metal, mirror glass, wire		APRM-0016	Poor		Top shelf of counter in tool box
A-0017	Adjustable wrench	Wrench adjustable type with knurl, "S" shape handle of metal construction. Rusty condition	Metal		APRM-0017	Poor	Carrington brand; made in Britain; CB12 model 'The Pufin'	Top shelf of counter in tool box
A-0018	Tube spanner	Tubular metal spanner with hexagon ends and holes on sides. Rusty condition	Metal		APRM-0018	Poor	Made by Appollo; 1/2 x 5/8 ww	Top shelf of counter in tool box
A-0019	Tube spanner	Tubular metal spanner with hexagon ends and holes on sides. Rusty condition	Metal		APRM-0019	Poor	Made by Appollo; 1/2 x 5/8 ww; 7/16 x 5/8 BSF	Top shelf of counter in tool box
A-0020	Pair of pliers	Combination pliers, plain handle, metal construction. Rusty white paint marks	Metal		APRM-0020	Fair	Made by Henry Boker, Germany	Top shelf of counter in tool box
A-0021	Open-end spanner	Long double open-end spanner. Metal construction; rusty	Metal		APRM-0021	Fair	Made in England (E114); 7/16 ww x 1/2 BS (1 end); 5/16 ww x 3/8 BS (other end)	Top shelf of counter in tool box
A-0022	Steam engine headlight	Large circular steam engine headlight. Metal frame construction; hinged frame opening clear glass headlamp (double bulb) with metal locking device. Has two metal frames on side with glass panes showing loco number indicator '601' (Glass painted black, number clear) Hinged side opening metal plate on one side, with locking wingnut. Sits on two-legged steel footing with 4 fastening bolt holes. Modified to 240-volts for light operation in Museum	Metal, glass	c. 1912	APRM-0022	Good	PB15 Steam engine, 32-volt system	Top shelf of counter
A-0023	Tilley Storm Lamp	Lamp - circular/domed copper fuel container with metal pressure pump on side, with brass tubular arms extending up into clear lamp globe. Metal brown-coloured chimney on top. Lamp mounted/attached to circular based metal frame with metal arms and wooden handle. Square metal plate (heat deflection) mounted above chimney. Circular copper dish (light deflection) attached to arms. Frame painted black	Metal, copper, glass, wood	c. 1946	APRM-0023	Good	Mark on copper fuel container. Made by Tilley in England	Top Shelf of counter
A-0024	Boiler Sight Glass	Site glass. Rectangular glass frame construction with boiler tube (gauged glass inside). Has brass inlet and outlet valves to both top and bottom. Bolted to brown-painted wooden L-shaped display frame. Bolts painted black.	Glass, Brass, Wood	c. 1800	APRM-0024	Good	Site glass was off a stationary boiler. Site glasses told operators how much water was in the boiler. Mae by: Dewrance & Co. London and Babcock & Wilcox Ltd London and Glasgow; Shown on brass fittings	Top Shelf of counter
A-0025	Staff Lock-up cabinet	Cabinet with one shelf. Wooden construction, front drop down door with metal hinges and metal lock. Has two metal chains attached to door. White paint in poor condition, dirty. 'Staff Lock Up Cabinet' Lettering painted black on door	Wood, metal, chain		APRM-0025	Fair		Top shelf of counter

**ARCHER PARK RAIL MUSEUM
ASSET INVENTORY**

Exhibit No.	Exhibit Name	Exhibit Description	Type/Material	Vintage / Year	Photo Number/s	Condition	Comments	Location
A-0026	Staff Box with Staff	Rectangular Box with lid made of wood with metal bracket with hole to take staff. Staff made with wooden handle and copper shaft inserted into box. Painted yellow and in need of paint	Wood, metal, copper		APRM-0026	Fair	Staff has metal plate that reads: "WALTON TO DINGO"	Top shelf of counter in staff lock-up cabinet
A-0027	Staff Box without staff	Rectangular box with metal-hinged lid made of wood with metal bracket on side with hole to take staff. No Staff. Painted Yellow	Wood, copper, metal		APRM-0027	Fair		Top shelf of counter in staff lock-up cabinet
A-0028	Ticket office cabinet	Cabinet with shelves on inside and door or tickets and passes. Made of wood and door is on brass hinges with metal latch. Several inside shelves missing. Some shelves have writing on them (Rail Passes, Orders, Tickets, etc) Painted varnished wood	Wood, brass		APRM-0028	Fair		Under counter, in corner, on floor
A-0029	Water Bag	Rectangular-shape water bag made of canvas with plastic circular cap on top and two canvas loops with metal hinge for attachment to train. Bag dirty with faded 'QR' in black on side	Canvas, metal, plastic	c. 1900	APRM-0029	Poor	These water bags were hung from the side of train engines. The drinking water inside was cooled by the breeze generated when the train was in motion.	Cabinet 2
A-0030	Cashier Sign	Rectangular metal sign, silver in colour with the word 'Cashier' painted in black	Metal		APRM-0030	Fair		Attached to shelf of counter
A-0031	Slush Lamp	Circular tin lamp with spout and handle. Fully made of tin and soldered together. No wick and no marking	Tin		APRM-0031	Fair	Kerosene-type wick lamp	Cabinet 2
A-0032	Slush Lamp	Circular tin lamp with spout and handle. Fully made of tin and soldered together. Lamp filled with cotton wick that extends out of the spout for lighting. 'QR' engraved inside of lamp	Tin, cotton		APRM-0032	Fair	Kerosene-type wick lamp	Cabinet 2
A-0033	Slush Lamp	Circular brass lamp with spout and handle. Brass lid. Fully made of brass and soldered together. Lamp has cotton wick extending from spout. Slightly dented on parts of lamp. Copper label on side has name 'R. Menzies'.	Brass, copper		APRM-0033	Fair	Kerosene-type wick lamp	Cabinet 2
A-0034	Tucker Box	Rectangular tucker box made of metal with rounded hinged lid and flat metal divider hinged inside box. Lid has metal locking hinge and metal handle on top for carrying. Outside painted black and inside cream. Paint chipped and flaky. Chain []/lock device attached	Metal	c. 1900	APRM-0034		Owned and used by driver George Alexander Nunn. Donated by his wife Winifred Violet Nunn.	Cabinet 2
A-0035	Billy Can	Circular tin with lid, wire handle and plastic knob on top. Can is made of enamel and is chipped in places. Painted white with black trim. Has two holes on side for handle.	Metal, plastic		APRM-0035	Fair	Hot drinks were brewed in the billy can by placing it in the train firebox on the end of a long steel rod.	Cabinet 2
A-0036	Pay tin	Cylindrical metal object with metal lid that slides together to form pay tin. Tin soldered together. Not painted.	Tin		APRM-0036	Fair	Railway workers received their pay in these tins	Cabinet 2

**ARCHER PARK RAIL MUSEUM
ASSET INVENTORY**

Exhibit No.	Exhibit Name	Exhibit Description	Type/Material	Vintage / Year	Photo Number/s	Condition	Comments	Location
A-0037	Pay tin	Small cylindrical tin with lid that slides together to form pay tin. Soldered together, not painted, slightly rusty. Has No. 780 on top indented and painted red.	Tin		APRM-0037	Fair	Railway workers received their pay in these tins. The number on top identified the individual employee to whom the tin belonged	Cabinet 2
A-0038	Pay tin	Small cylindrical tin with lid that slides together to form pay tin. Soldered together, not painted, slightly rusty. Has No. 722 on top indented and painted red.	Tin		APRM-0038	Fair	Railway workers received their pay in these tins. The number on top identified the individual employee to whom the tin belonged	Cabinet 2
A-0039	Ticket Stamping machine	Ticket date stamper made of cast iron, oval flat base with swinging pendulum arm that hits leather stopper. Arm has date []mechanism enclosed made of brass and copper. Has metal key. Metal label attached 'Made by Georg and [], Darmstadt'. Painted green	Cast iron, brass, metal, leather	c. 1900	APRM-0039	Good		Second shelf of counter
A-0040	Water Bottle, glass and matching holder	Round water bottle and tumbler of clear glass in wooden tray painted brown. Bottle has metal stopper attached with chain. Tray made to suit both items. 'QR' etched on glass.	Wood, plastic and glass	c. 1900-1915	APRM-0040	Fair	Fitted to old railway train carriages	Cabinet 2
A-0041	Piece of rail line 150mm	Small sample length of rail line. Steel constructon, rusty condition. Showing various cross-sections head, web and foot. Words 'head', 'web' and 'foot' painted on rail line.	Metal		APRM-0041	Poor		Second shelf of counter
A-0042	Hand rail	Railway carriage offset hand rail with boltholes each end. Brass chrome plates. Chrome lifting in places. 'No 283'	Brass, chrome plated		APRM-0042	Fair		Second shelf of counter
A-0043	Roll of lead	Roll of lead	lead		APRM-0792	good		In suitcase under shelves museum
A-0044	Carriage door handle	Small carriage door handle (scalloped). Has square hole in head for attaching as turning device. Chrome plating with spot of black paint.	Metal, brass, chrome plated		APRM-0044	Fair		Second shelf of counter
A-0045	Carriage window lifter	Small [] shaped metal railway carriage window lifting device with oval top. Has 3 CSK countersunk screw holes	Brass, chrome plated		APRM-0045	Fair		Second shelf of counter
A-0046	Carriage Ceiling light	Decorated/Casted circular metal dome holder, hinged with locking device. Painted cream, paint chipping in places. Has inserted clear glass dome-shaped cover	Metal, glass		APRM-0046	Poor		Luggage Rack, top shelf
A-0047	Maintenance Warning Lamp	Kerosene operated warning lamp of metal and wire construction. Chimney, wire handle and lifting device. Red coloured globe. Brand name indented into base 'Invincible'. Painted black.	Metal, wire, glass		APRM-0047	Poor	Invincible' brand	Second shelf of counter

A-0270	Red Signal Flag	2 small pieces of red material with stitched sleeve along one end. Has 2-piece wooden handle inserted in sleeve.	Material, wood		APRM-0269	Good	Red flag was waved to tell the Driver to stop the train.	Stationmaster's Office, in glass display cabinet.
A-0271	Large General Railway Padlock	Large metal padlock. Has keyhole cover and brass mounting piece around key hole. No key.	Metal, brass		APRM-0271	Good	Etched on key hole cover: "Jackson's"	Stationmaster's Office, in glass display cabinet.
A-0272	Medium-sized General Railway Padlock	Brass, construction padlock with metal shackle. Has brass key hole cover. No key	Metal, brass		APRM-0272	Good	Etched on side of padlock: "Jackson's L'ton TAS"	Stationmaster's Office, in glass display cabinet.
A-0273	Small General Railway Padlock	Small brass padlock with metal shackle. No key.	Brass, metal		APRM-0273	Good	Etched on side of padlock: "Jackson's Four Lever R"	Stationmaster's Office, in glass display cabinet.
A-0274	Keyring with 2 keys and aluminium tags.	Large circular metal keyring, with two small metal keys attached, on aluminium identification tags.	Metal, aluminium		APRM-0274	Good	First tag is stamped: "Din Car. 1465; No. 1-to-6". Tag two: "Din Car. 1465; No. 7-to-10"	Stationmaster's Office, in glass display cabinet.
A-0275	Large Key attached to Brass Plate	Large metal key attached to rectangular brass plate with rounded ends.	Metal, brass		APRM-0275	Good	Plate is stamped: "Lavatory; R/ly Telegraph"	Stationmaster's Office, in glass display cabinet.
A-0276	Large Key attached to Brass Plate	Large metal key attached to rectangular brass plate with squared ends.	Metal, brass		APRM-0276	Good	Plate is stamped: "Telephone; Serpentine"	Stationmaster's Office, in glass display cabinet.
A-0277	Display Panel; "Ribbon Used at Opening of Moura Short Line"	Rectangular piece of blue/purple ribbon, with painted wording describing ceremonial opening. Secured to backing and under glass. Enclosed in brown stained picture frame.	Wood, glass, paper, cloth		APRM-0277	Good	Donated by: Blair Jamieson	Stationmaster's Office, on platform-side wall.
A-0278	Display Panel; "Ribbon Used at Opening of Goonyella - Hay Point Line"	Rectangular piece of blue/purple ribbon, with painted wording describing ceremonial opening. Secured to backing and under glass. Enclosed in white painted picture frame.	Wood, glass, paper, cloth		APRM-0278	Good	Donated by: Blair Jamieson	Stationmaster's Office, on platform-side wall.
A-0279	Bench, Timber	Long timber bench with slat seat and back. Timber cross supports. Arm rests at each end are curved wrought iron. Six legs, three front legs are turned. Whole bench painted light green.	Wood, iron		APRM-0279	Good		On platform outside Coordinator's Office
A-0280	Bench, Timber	Long timber bench with slat seat and 3-rail back. Moulded timber arm rests at each end form part of two support legs. Painted light blue.	Timber		APRM-0280	Good		On platform outside Refreshment Room
A-0281	Platform Seat, Timber.	Long flat-top timber seat with front and back board. Bevelled at each end, painted light blue.	Timber		APRM-0281	Good		On platform outside Tram Room
A-0282	Steelyard Platform Beam Scale	Large moveable-type scale, rectangular flat steel plate on 4 steel wheels, with wrought iron backing frame. At back has horizontal cast iron frame with pendulum weighing arm enclosed showing "0 - 28 lb" Has weight-disengaging handle on top. Painted black and red.	Steel, iron.		APRM-0282	Good	Note: Scale weights for scale are held in main Museum room, in cabinet under cash register	On platform below Signal Cabin
A-0283	Luggage Barrow	Timber frame luggage barrow. Has single metal wheel at front, with wooden handles and support legs. Has tray of boards mounted on frame with angle back and front. Painted black and grey.	Wood, metal.		APRM-0283	Good		On platform outside Stationmaster's Office

**ARCHER PARK RAIL MUSEUM
ASSET INVENTORY**

Exhibit No.	Exhibit Name	Exhibit Description	Type/Material	Vintage / Year	Photo Number/s	Condition	Comments	Location
A-0284	Trolley, Tarpaulin	Wood frame trolley with metal slats and reinforcements, 2 metal wheels, and metal legs at front. Trolley has a long body which sits at a 30-degree angle. Trolley is painted red and can be handled from either end (pivots on wheels).	Metal, timber		APRM-0284 A/B	Good	Trolley was used to transport tarpaulins to wagons carrying perishable goods, to cover them. Trolley currently used as prop, with chicken coop, suitcase and sacks, all painted grey.	On platform, near southern end.
A-0285	Trolley, Luggage	Rectangular luggage trolley with tray of boards set into a frame. Raised front of three boards in a timber frame. Trolley corners are reinforced with metal brackets. Has 2 pairs metal wheels, smaller front pair attached to handle and swivel. Painted light blue with black tray.	Wood, metal		APRM-0285	Good		On platform, near southern end.
A-0286	Trolley, Luggage	Rectangular timber luggage trolley with tray of boards set on frame. Raised front frame. Trolley corners are reinforced with metal. Has one pair of metal wheels at rear and one swivel castor at front. T-shape metal pulling handle attached. Painted grey and black.	Wood, metal		APRM-0286	Good	Has pieces of period luggage on tray.	On platform outside Stationmaster's Office
A-0287	Bench, Timber	Lowset timber bench with closed slat seat and 2-rail back. Two support legs. Painted pale yellow.	Timber		APRM-0287	Good	Has mannequin of man playing accordion	On platform below Signal Cabin
A-0288	Bench, Timber	Lowset timber bench with closed slat seat and 2-rail back. Two support legs. Painted yellow.	Timber		APRM-0288	Good		On platform outside Ladies' Toilets
A-0289	Traversing Jack (20 tons)	Large steel ratchet-type jack. Rectangular base, has rounded height-extension stem mounted on base, with ratchet and lifting pad on top. Has traversing screw inserted in base. Small piece of chain attached to stem.	Steel	c. 1890	APRM-0289	Fair	Paint missing, rusty and oily in places. Stamped on base: "20 Tons, QR. Youngs, Birmingham"	On rail line on top of flat-top trolley
A-0290	Wallaby Jack	Large steel (lifting) wallaby jack. Rectangular base, ratchet-type with lifting tongue enclosed in frame, welded and bolted to base.	Steel	c. 1890	APRM-0290	Poor	Rusty condition. Indented on base: "Trehwella Bros. Pty. Ltd. Trentham, Vic. Aust."	On rail line on top of flat-top trolley
A-0291	Wallaby Jack	Small steel (lifting) wallaby jack. Rectangular base, ratchet-type with lifting tongue enclosed in frame, welded and bolted to base.	Steel	c. 1890	APRM-0291	Poor	Rusty condition. Indented on base: "Trehwella Bros. Pty. Ltd. Trentham, Vic. Aust."	On rail line on top of flat-top trolley
A-0292	Traversing Jack (15 tons)	Large steel ratchet-type jack. Rectangular base, has rounded height-extension stem mounted on base, with ratchet and lifting pad on top. Has traversing screw inserted in base. Painted red.	Steel	c. 1890	APRM-0292	Fair	Stamped on ratchet: "Trehwella, 15 tons raise"	On rail line on top of flat-top trolley
A-0293	Traversing Jack (15 tons)	Large steel ratchet-type jack. Rectangular base, has rounded height-extension stem mounted on base, with ratchet and lifting pad on top. Has traversing screw inserted in base.	Steel	c. 1890	APRM-0293	Fair	Stamped on ratchet: "Trehwella, 15 tons raise"	On rail line on top of flat-top trolley
